M de Megève

The 5 stars M de Megève is located in the heart of the village of Megève, the legendary ski resort, 100 meters from the pedestrian area and from Chamois' cable car.

The Savoyard tradition married with a contemporary style is present in each room or suite in Le M de Megève : light colored wood stone, Bonneval fabric from Arpin made in Savoie, all with luxurious amenities.

The 42 rooms including 21 suites, 3 family suites and M's Royal Suite (65 m²) have their own private balcony with spectacular views over the village or over the hotel's interior courtyard.

Situated in the heart of the hotel, the Baïneo area offers a pool with counter-current swimming, a fitness area, a jacuzzi, a sauna and a hammam carved into the rocks inspired by the local architecture in a subtle blend of wood and stone. M's Spa has chosen the beauty brand Cinq Mondes which associates the beneficial effects of the latest Phyto-Aromatics and cosmetics.

The establishment also proposes two restaurants : 'Les Grands Crus de Fondues' and 'L'Avant-Comptoir des Neiges'.
